Supervised and coordinated crew of 13 dressers for a national ballet company. Responsible for running shows as well as organizing, repairing and maintaining all costumes for dancers in two shows for the 2002 season.

Member of 4-person crew to run the costumes for the show, "Dralion". Required teamwork and organizational skills to multi-task in this fast-paced show environment.

Costume Designer, Set Costumer, Stylist

Worked on more than a dozen films and movies of the week in varying capacities. I generally worked directly with actors and directors as a set costumer on location.
